A Word from Keith Haygood

Why do you *love* God? Is it simply because of all that He has done for you? Is it only because we have been instructed to "*Love the Lord our God*" (Matthew 22:37)?

Why do you *serve* God? Do you serve Him in hopes that He will see your good works and reserve a special place for you in Heaven?

Many Christians live their lives trusting in Christ for the sole purpose of maintaining some type of "fire insurance policy", thus, assuring themselves of escaping judgment in Hell.

Jesus Himself said, "The Son of man came to seek and to save the lost" (Luke 19:10). His entire purpose for coming to live with us was so that we can enter into a relationship with the One who loves us the most. Jesus didn't die on the cross just so that we can live like we want to live and rely on some obscure point in time in which we repeated a little prayer to "be saved." If God's only purpose was to save us from hell, He would just take us right up to heaven when we make that decision. Instead, God saved us for the purpose of loving Him and loving others. Our goal is to walk with God and to allow Him to reproduce in others what He has done in us. God

has called us out of darkness into His marvelous light and He has given us absolute instructions to follow as we walk with Him daily. We glorify God and express our love and gratitude to Him by living and walking and breathing the Word of God. We allow God's word to permeate our minds and it pours into every aspect of our lives.

It should be our desire to express our worship to Him, yes, in studying His word, singing His praises and obeying what He has taught us. BUT it should also be our desire to express worship to Him DAILY as we share our faith with others, as we serve others and as we care for our family.

Therefore, Heaven becomes the ultimate benefit for trusting in Christ and serving Him with our whole being day after day after day. All of this comes from a heart of thankfulness for all He has done AND solely because He is...

...My God, and My Eternal King!"
